

Sonata Profana

for Triple Orchestra

© Robert Casteels
Singapore 2002

Composer's Notes

Sonata Profana is a two-movement composition commissioned by the Center for the Arts (National University of Singapore). The composition was completed on 30th June 2002. The first performance took place on 5th September 2002 at the University Cultural Centre Hall. Leonard Tan, Lum Yan Sing and Richard Adams conducted The Philharmonic Winds, the National University of Singapore Chinese Orchestra and the NUS Wind Symphony respectively.

The first movement is entitled "Triphony" as each orchestra tells one story by Ravel, Debussy and Bartok. Dreams create extraordinary associations and amalgamations. The unfolding discourse comes and goes as oneiric cycles do. In the end "Triphony" gently evaporates.

Pendant des années je traversais tous les quinze jours à vélo la forêt de Soignes pour me rendre chez mon maître vénéré Marcel Quinet. Ce pédagogue hors de l'ordinaire m'a donné les clés analytiques de maint chef d'oeuvres. En outre, il m'a encouragé à composer. Vingt ans plus tard le conseil de Quinet refait surface: "nous sommes tous fils et pères spirituels dans une chaîne infinie d'artistes. Ne vous-en faites pas si vous vous sentez le fils spirituel d'un Bartok, Ravel ou Debussy". Le rêve s'est grignoté une part importante dans mon processus de création artistique. La musique m'habite tout entier. Il est dès lors tout naturel que je lui sois reconnaissant et dédie ce mouvement "An die Musik".

The second movement draws its title from the last verse of the poem "Renovation" by Singapore poet Edwin Thumboo. The poem is published by UniPress Centre for the Arts Centre of the National University of Singapore in a book entitled "A Third Map" (1993). The poem is printed in the score with the gracious permission of the author. Different laws govern music and word. The poem stirs powerful musical associations. Beyond certain diastematic gestures I endeavoured to leave the poem intact.

The second mouvement is dedicated to Father Nature. Waarom refereert men steeds tot de natuur als zijnde vrouwelijk? Mijn levensweg bracht mij tot de oevers van het eiland Singapura. Vele reizen door China, Maleisië, Myanmar, Indonesië, Australië en Nieuw Zealand verruimde mijn horizon. Wat doen we onze blauwe planet toch aan! Liberamus, Vader Natuur! Het tweede deel van Sonata Profana rust helemaal op de incipit "liberamus Domine". Drie generaties terug was deze gregoriaanse zang verbasterd tot 'liever Lis als Dobbeni' in referentie tot mijn overgrootmoeder langs moederkant, Elisabeth Dobbeni. Het incipit wordt een pentatonisch passacaglia thema. De veranderingen van de passacaglia ondersteunen het hele tweede deel.

Forceful statements of 5 ecological demands punctuate the second movement, which ends in a jubilant explosion of energy in D major.

"Renovation" by Edwin Thumboo

v. 1: I want to feel pure the wind
v. 2: Glazed by dark narrating shadows
v. 3: Among casuarins tempered by seal-salt.

v. 4: I want to see brown the hawk
v. 5: Unrelenting beautiful death-dealing
v. 6: Break open the unsuspecting sky.

v. 7: I want to hear forked the tongue
v. 8: From an uncoiling body tracking
v. 9: Lusty crickets in the loam.

v. 10: I want to touch blue the haze
v. 11: Dimming Karimon, over-reach
v. 12: Unknotted slopes to possible mysteries.

v. 13: I want to taste sharp the petai
v. 14: Straight from the curling pod

v. 15: To hold the village in my mouth.

v. 16: I want these five beginnings.

Performance Notes

Orchestra A refers to a mainly Western Wind and Percussion ensemble of 42 players. Conductor A leads Orchestra A positioned stage left.

Orchestra B refers to a mainly Chinese ensemble of 43 players. Conductor B leads Orchestra B positioned centre stage.

Orchestra C refers to a mainly Western wind and percussion ensemble of 35 players. Conductor C leads Orchestra C positioned stage left.

The three orchestra should be separated by as much empty space as possible. The three conductors should equip themselves with metronomes in silent mode. Each orchestra has its own different set of parts and has its own bar numbering. Identical rehearsal letters indicate important points of synchronization between the three orchestras. Bowing to pragmatic considerations, I have notated the full score and parts of Orchestra B in Western solfège and in number system. The piccolo flute, guitar and bangzi parts sound one octave higher than written. The double bass part sounds one octave lower than written.

Tempi markings should be strictly followed: any deviation will affect the synchronization of the orchestras. Double barline indicate the completion of a cycle of passacaglia transformations. Bold barlines underline a tempo change. Conductors should use a metronome in silent mode.

In the second movement the passacaglia single line stave indicates the ordinal number of the transformation of the passacaglia theme (π): A, G, F#, E, F#, E and D. The five pitches correspond to "the five beginnings" in the poem. The indication of numbered calls refers to verses 1, 4, 7, 10, 13 and 16 of the poem. The printed words in the instrumental parts help the player to understand the direction of the music. They do not need to be spoken or sung.

Improvisation

Annexes to the piccolo flute, piccolo clarinet, soprano sax, horn 1, trombone 1 and piccolo trumpet parts of Orchestra A guide these players to improvise declamando. Body language is part of the music making. Flattening of the final pitch of calls in Orchestra A and downwards transposition of calls in Orchestra C relate to the Doppler effect.

Text of the annex:

- Every solo sounds like a longing call expressing the words of the poem;
- Every solo is to be played standing addressing the audience and the respective colleague of the other orchestra;
- Every solo starts with a long tenuto note;
- Every solo finishes with the same tenuto but flattened;
- Every long note is played molto sostenuto;
- The dynamics of soli are adjusted so that the soli are well projected;
- Tenuto notes are accentuated by short appoggiaturas;
- Insistence on tenuto notes is created by adding the rhythm of crotchet triplet and quaver triplet;
- Every solo follows its own organic tempo, independently of the general tempo;

- The following tables indicate the begin and end location, the pitch of the tenuto notes and the appoggiaturas:

Piccolo flute 1	Begin bar number	End bar number	Pitch of tenuto notes	Pitch of appoggiaturas:
Verse 4	36	49	b	major second lower than pitch of tenuto notes
	Duration: 22"			
Verse 7	81	96	b	
	Duration: 24"			
	158	168	a	
Verse 10	Duration: 26"			
	244	251	a flat	
Verse 13	Duration = 19"			

Piccolo clarinet 1	Begin bar number	End bar number	Pitch of tenuto notes	Pitch of appoggiaturas:
Verse 4	45	51	written A ¹ flat	major third lower than pitch of tenuto notes
	Duration: 11"			
Verse 7	90	99	written A ¹ flat	
	Duration: 16"			
	161	169	written G ¹ flat	
Verse 10	Duration: 21"			
	244	215	written A ¹ flat	
Verse 13	Duration = 19"			

Saxophone soprano	Begin bar number	End bar number	Pitch of tenuto notes	Pitch of appoggiaturas:
Verse 7	84	97	written D ² flat	minor third lower than pitch of tenuto notes
	Duration: 22"			
Verse 10	164	170	written B ¹	
	Duration: 15"			

Piccolo trumpet	Begin bar number	End bar number	Pitch of tenuto notes	Pitch of appoggiaturas:
Verse 4	40	55	written D ¹ flat	minor second higher than pitch of tenuto notes
	Duration: 17"			
Verse 7	87	written D ² flat	written D ² flat	
	Duration: 19"			
	156	167	written B ¹	
Verse 10	Duration: 19"			
	249	253	written B ¹ flat	
Verse 13	Duration = 16"			

HoRn 3	Begin bar number	End bar number	Pitch of tenuto notes
Verse 13	245	253	written E ¹ flat
	Duration: 22"		

Instrumentation

The point of combining three orchestras simultaneously on stage is to achieve a balanced, spatialized and complex polyrhythmic texture. The part of every musician remains very simple thanks to the superimposed tempi led by three conductors. The amount of required musicians has deliberately been kept low, so as to remain realistic in terms of available performing space and to encourage individual responses from the wind players.

Instrumentation of Orchestra A

2 piccolo flutes, 4 flutes
2 oboes
2 piccolo clarinets, 6 clarinets, 1 bass clarinet
2 bassoons
1 soprano, 1 alto, 1 tenor and 1 baritone saxophone
4 horns
1 piccolo trumpet, 2 trumpets
2 trombones, 1 bass trombone
2 euphoniums
1 tuba
2 percussionists (playing chimes, suspended cymbal, 2 crash cymbals, timpani and wood block),
4 percussionists (playing Balinese gamelan gong kebyar).

Instrumentation of Orchestra B

1 player for bangzi, xindi and xiao
1 suona
1 soprano, 1 alto and 1 bass sheng
2 yang qin
2 liu qin
3 pipa
1 gu sheng
4 zhong ruan
1 (Western) guitar,
2 percussionists (playing tam and a set of yun luo),
4 gao hu
8 er hu
4 zhong hu
4 ta ge hu (may be replaced by 4 Western cellos)
3 ge hu (may be replaced by 3 Western double basses).

Instrumentation of Orchestra C

1 piccolo flute, 2 flutes
 1 oboe
 1 piccolo clarinet, 6 clarinets, 1 bass clarinet
 1 bassoon
 1 soprano, alto, tenor and baritone saxophone
 3 horns
 3 trumpets
 2 trombone, 1 bass trombone
 2 euphoniums
 1 tuba
 2 percussionists (playing chimes, suspended cymbal, woodblock, timpani)
 4 percussionists (playing Balinese gamelan gong kebyar).

The suspended cymbal and woodblock of Orchestra A should be higher pitched than the similar instruments played by Orchestra C.

Rehearsals

The composition is built in such a way that each orchestra can and should rehearse most of the time on its own. The three conductors should practice together in silence so that the points of synchronization are effectively reached. The stave with the reduction of the two of three orchestras should help the respective conductors.

Duration

Triphony = 10 minutes
 The Five Beginnings = 14 minutes

Gamelan Gong Kebyar

The gamelan gong kebyar refers to a set of Balinese metallophones. The four instruments tuned sharper are referred to as the 'male' gamelan. The four instruments tuned lower are the 'female' gamelan. The gangs kantil is the smallest with ten suspended keys. The medium sized gangs pamade has ten suspended keys. The second largest jublag has five suspended keys. The jegog is the largest with five suspended keys. Ideally, I would like the gender of the percussion to reflect the tuning of the instruments. I became particularly fond of the rich resonance of the genders the softest member of the gamelan family. These soft instruments should be positioned so that the players seated on the floor can see the beat of the conductors A, B and C.

Regarding the gamelan notation, number 1 corresponds to sharp c sharp; number 2 corresponds to sharp d sharp; number 3 corresponds to sharp e; number 5 corresponds to g sharp; number 6 corresponds to pitch a.

Synoptic table showing the relation between the three orchestras in "the Five Beginnings"

Duration in Seconds	Orchestra A		Orchestra B		Orchestra C

The musical score consists of two systems of staves. The top system, labeled 'A, Cl.' and 'A, Bss cl.', features a treble clef and a bass clef respectively. The bottom system, labeled with various instruments, features a treble clef. Measure 49 is mostly blank. Measure 50 begins with a dynamic of *mf*. Measures 51 and 52 show rhythmic patterns with eighth and sixteenth notes, followed by a dynamic of *div.* in measure 51.

Musical score page 16, section G, Orchestra B, tempo J = 66. The score is divided into three main vertical sections by brace groups:

- A Section (Measures 61-62):** Includes staves for A, Cl. and A, Bss cl. Both staves show sustained notes across the measures.
- B Section (Measures 62-64):** Includes staves for B, Sop. shng., B, Alt. shng., B, Bss shng., B, Yng qn., B, L qn., B, Pp., B, G zhng., B, Zhng rn., B, Yn l., B, G h., B, E h., B, Zhng h., B, T G h., and B, D G h. The B, Pp. staff begins a rhythmic pattern in measure 62. The B, G zhng. staff has a sustained note from measure 62. The B, Zhng rn. staff has a sustained note from measure 62. The B, Yn l. staff has a sustained note from measure 62. The B, G h. and B, E h. staves begin a rhythmic pattern in measure 63. The B, Zhng h. staff has a sustained note from measure 62. The B, T G h. staff has a sustained note from measure 62. The B, D G h. staff has a sustained note from measure 62.
- C Section (Measures 62-64):** Includes staves for C, Flts., C, Cl., C, Bsns., C, Sx sopr., C, Sx alt., C, Sx tnr., and C, Trmbns. The C, Flts. staff has a melodic line with a dynamic marking *solo*. The C, Cl. staff has a melodic line with a dynamic marking *mf*. The C, Bsns. staff has a melodic line with a dynamic marking *mf*. The C, Sx sopr. staff has a melodic line with a dynamic marking *mf*. The C, Sx alt. staff has a melodic line with a dynamic marking *mf*. The C, Sx tnr. staff has a melodic line with a dynamic marking *mf*. The C, Trmbns. staff has a melodic line with a dynamic marking *mf*.

Measure numbers 61, 62, 63, and 64 are indicated at the bottom of the page.
